February 4, 2007

Dear Friends and Associates,

We are proud to announce that our Co-Founder, Ron Corley, has been honored by receiving the Lifetime Achievement Award from our industry's national association.

The UTA presented Ron with the prestigious Marvin F. Gordon Lifetime Achievement Award at its 2006 convention in Galveston, Texas. The presentation recognized 42 years of maintaining the highest business practices and standards in the heavy truck industry.

Besides a career record of accomplishments within our industry, Ron Corley was also recognized for his involvement in community organizations and his longtime commitment to children's charities. We are especially pleased that his wife of 43 years, Madaline, was on hand to accept the award with him.

Sincerely,

Jon Tepper
President
